The Honorable Bob Dole
United States Senate
Washington, D. C. 20510

Dear Bob:

Of course that was a prize-winning photo. It was the only thing relating to me that was a winner at Miami. That picture was taken the day after I gave up on the Presidential nomination. At least I had my head above the water but was having difficulty getting my feet on the ground.

Thanks for sending the photo.

Warm regards.

Sincerely,

Hubert H.
