Washington, D. C. 20510

Dear Bob:

I didn't have the opportunity in our brief visit, with the crowd around us, to tell you that, in my judgment, you are losing the election. That's not based on any of these polls. It is simply based on the fact that the Republican State Committee is completely disorganized and so is your campaign.

Even Huck Boyd is washed up and mentioned last night the possibility of resigning.

I cannot call the President with the indefinite information I still have.

Best, as ever -
