Dear Bob

RONALD REAGAN

Even though we spoke on the phone, I just wanted to drop you a line to say once again how much I appreciate your kind words about our efforts to bring democracy to the people of Nicaragua. I know some were surprised by the results of the election, but when you come to think of it, should we ever be surprised when, given a choice, people choose freedom?

I'm most grateful for your friendship & support. Nancy joins in sending warmest regards from both of us to Tiddy. R or
