Dear Father:

Well here goes; first of all thanks for the money, mom, it helped pay my house-bills. I suppose you lost on your parlay against dad. You probably picked K. State over K. V. which was a real mistake. If you don't believe it ask Chester. I guess Darrell Haynes won #3 from him.

Did you read about K. V. students taking a day off without the Chancellors permission. Around 3,000 students paraded to the Chancellors house asking him to dismiss Monday classes, when he refused the students refused to go to their classes and spent all day Monday celebrating the K. State victory.

I guess Russell really panned it on Ellis. Did you get to go.

"Pete" was down over the week-end, he stayed at the house with Bud and I. He really felt bad about K. State losing. He thinks he'll make Kansas State's first team next year.

My cold is completely gone and my knee is getting better every day. I'm taking heat treatments everyday at the hospital. In a couple of weeks it will be O. K.

Have I gotten any insurance notices lately? If I have find out when my insurance is due and let me know so that I can pay it.

Mom, I think I'll send my laundry home tomorrow and you can send it back with Pat Shopper Saturday if he comes down, or you can wait till I come home Thanksgiving. I wasn't planning on sending it but there were a lot of ~~good~~ guests here last week-end and they used a some of my things.

I've got all my bills paid and

have \$8 in the bank.

I'll be home next Wednesday around 6: P.M.
Harold has his car here so I can ride home
with him.

Have everyone at home. They must be
crippled, I haven't gotten any letters lately.
I did get one from Mildred Krumppus
though!

I guess I'd better stop and
study awhile. Goodbye.

P.S. More stamps
and envelopes, please.

Love
Bob.

I wrote a letter to Phil Sunday. I also
wrote one to Miss Beveridge.

Ask, Norma Jean if she can find Miss
Pflueghoft's address. Tell her to ask Faith
Seely or some of the teachers.
