Dear Mom and Dad and Children:

At last I find time to write, I would call but it's a little cheaper this way. I received the box full of clothes today and I really needed them I was down to my last shirt last Tuesday.

There's not much to write about except that I'm broke and I'm worried about my eye. I went to a different doctor the day after I called you and he told me that he would have to wait until the cut heals and then cut it open again and stitch it. The trouble with it now is that the lower skin overlaps the upper skin and I'm afraid that when the scab comes there will be a terrible scar. Dr. Zimmer the surgeon I consulted said that the only thing that he can do is to wait until it is completely healed. After it has healed he can cut the scar off and stitch it up again. I guess it won't be so bad though because the cut is only about 2 inches long. I thought about coming home and getting it fixed but I imagine they can do as good here as they can at Russell, of course it is going to cost a little. The first night I cut it it started to heal but I went out for practice again the next night and I guess I must have bumped it because since then it hasn't looked so hot.. I may see another Dr. tomorrow, maybe he can do something before it is completely healed. I haven't been out for football much since I cut it although I did suit up for the game Saturday----- I didn't get in though.....

Don't forget to have Harold bring my dumbbell down when he comes Sun. He can bring whatever else I have left down to if he will.

I bought me a second hand overstuffed devan today for 7 dollars, It looks pretty good and I needed it for my room so if there are any

pictures or anything else around the house that would make my room look flashy send them down with Dumler..

That's too bad about Russell losing to Lincoln tell Kenny he better stop smoking and start getting a little more sleep he can't play without sleep.

About the topcoat theres a goodlooking one in Banker's but I don't need it right now , I'll probably be home one of these weekends and I can get it then. You'll find the note enclosed in this letter but I don't know how I can pay it back in six months if I go to school all year. As to having Carl Missimer signing it I'd rather someone else would. Maybe some of our rich relatives will sign it ,Mildred or someone.

I am to be initiated this Sunday so if you can get it fixed up fer befofe then it would be best , but be sure you let me know because I can't be initiated unless iI have my housebill (\$12) paid and my initiation fee(\$55). All this must be paid before they can initiate me Roy Shoaff,one of my fraternity brothers gave me a suit yesterday. I sent it down today to have it altered, the coat fits fine but the pants are to big in the waist and seat. He claims he paid around \$60 for it but you can't tell much about what he says. He told me to take it and if I ever have any extra money I can give it to him, all in all it's a pretty good deal.

I enrolled yesterday, I mean Saturday and it cost me \$34.75, which isnt bad, if my check is in the bank , and it probably is by now, I'll write a check and pay for my enrollment costs. How much was my check?

You might send me Gloria's and Larry's and if I have time I'll write them. Tell them hello the next time you write.

Well, there 's nothing much more I have to say except that I hope Grandma get's moved out O.K. No doubt Norma Jean is making straight A's, How's Zimmy getting along??? Send my leather paddle down with Dumler also and Norma I want you to give Angeline that little blue and red freshman cap I promised her this summer that I would give it to her but I never did so have Nat give it to her or do it yourself and tell her it's the one I promised her this summer.

I haven't done any dating since I came down ~~last~~ last Sunday I guess I'm too conscious of my bandaged eye but ~~I am~~ I'm going to bring a date out to dinner next Sunday.

Have Dad workout a deal with Burton on those little slot machines, I've found a spot where I can sit one and I'm sure I can find another place if he has two that are not in use now.. There wouldn't be a thing wrong with it, I know of a boy that has two marble tables down here and he says that he makes from 18 to \$25 dollars weekly on them. I would really be setting pretty if I could do the same. Think it over seriously.

Just one more thing when is Norma Jean's birthday, I know it's around the 17 th but I'm not sure just when?

I beleive that you forgot two of those cables that go with the set and the directions as how to use use them. I think the cables are outside in the white basket and the cable instructions are in the drawer of the writing desk.

That's all
Googbye
Love
Bob
