Dear Folks:

Here goes for a short letter. I really had a fine time in Hutchinson ~~34~~ last weekend. Grace's folks are really fine people. I was a little scared ~~4~~ when I first walked into their house but they made me feel right at home and before the night was over I was just like one of the family. I talked to her mother about putting out a pin and I guess she thinks that I must be all right because she thought that it would be all right.

We are going to do it the 16, of April and I'd like to bring Grace home ~~6~~ the following weekend if I could. I know that you would like to see her and she wants to go to see the great city of Russell.

How does "Dad" feel now, better I hope. Do you still have your cold? My laundry will probably beat this letter home, I was in such a dither before I left Friday that I forgot to send it and I'm entirely out of shirts and shorts.

My grades are much better than they were on the slip of paper that they sent you. Those are the grades that were turned in about the same time that all the boys left for the army and that's been about six weeks ago so I've had plenty of time to get them up. How is Norma Jean making out with her grades? She'd better get busy and study her History, for it would be terrible if she didn't graduate this year. If she can't get through high school I wouldn't know what she would do in college for its ten times harder ~~8~~ and the teachers don't care who you are as long as they are getting their check every month.

Kenny might plan to come down the weekend I put my pin out, he could have a lot of fun watching me <sup>yo</sup> through a line kissing 50 girls.
