

Dear Folks:

Sunday -

My first chance to write you this week so I've quite a lot to write about.

I spent more time in school this week here than I did in a month at K.V. They throw assignments at us so fast that we have to take our books to bed with us to keep up. I've already had seven tests and will probably have more this week. We have study hall in about 30 minutes, study hall starts at 8: and lasts until 10: P.M. We have from 10 until 10:30 to get to bed and then get up again at 6:00 A.M. to eat and start classes. We have from 3:30 Saturday afternoon until 5 Sunday afternoon off which is only $2\frac{1}{2}$ hours. I spent this weekend sleeping but I'll probably spend the rest of them studying if I expect to be here very long.

I haven't heard from Henry; he told me not to write until I heard from him again so he must be ready to go somewhere.

I haven't bought a thing for Christmas, I spent most of my money buying clothes for gym, notebooks, and other school supplies. I have a little money

so I'm going to try to buy a few things.
It has been rather cold here
the past week but the papers say that
it is 4 below in some parts of Kansas.

These New York people still
think there are Buffalo and Indians
in Kansas and they think the only
city there is Kansas City. They believe
anything that you will tell them
so some of Kansas boys have a
lot of fun teasing the girls around
here. I haven't heard from you
since I've been here so I'm expecting
a letter one of these days. I haven't
much time to write but I'll
write as often as I can.

Christmas is only a week away
but it sure doesn't seem like
Christmas for some reason

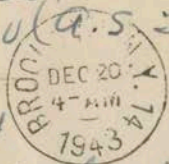

Let me know where
Henry is so that I can write
him.

I couldn't find a pen and
I need one for class so if you
can find one send it to me as
soon as you can.

Merry Christmas
Bob.
