

UNITED STATES ARMY

May 18 -

Dear Folks:

I haven't written lately, we've been on the range the last four days. It was a lot of fun firing the Carbine and the M-1 rifle, we fire the pistol and the machine gun next week and then I think we're finished for a while.

I read the letters you had from Henry, too bad he lost his corporal's rating, he'll probably get them back after he has been there a while. I couldn't tell where he was from his letters but he seems to be getting along O.K.

A lot of fellows have been getting 3 day passes in our company so when I'm able to get one I would have one day at home the way train connections are.

Summer is creeping up on

us again and it is really hot here.

It was nice of you to take Grandma
and Grandpa to dinner last Sunday
they don't have much of a chance
to go places and I know they like
to get out now and then. I hope
that on Mother's Day 1945 Henry
and I will be home to stay, it could
be possible if the invasion ever starts.

I received the box you sent from
H.C., it was good but not nearly
as good as the ones you send Mom.

We have working out with
my track shoes every night and
don't have a little weight, but
not quite enough.

I'll write Clara now and
send Henry's letters to her.
Love
Bob

What are you doing to the basement?
Have you heard anything about my
pencil or watch!
