

UNITED STATES ARMY

July 9-

Dear Folks:

Sunday and probably the
hottest one we've had here so
far.

I heard from Floyd yesterday
and he has written Governor Schneppe
so I should hear something soon. He
sent me a duplicate copy of the letter
he wrote the governor. I hope I hear
pretty soon for we may not be here
after the middle of August. We haven't
been told, but we will either go
on Manumers or somewhere overseas.

I haven't been very lucky
with my money lately, about 3 weeks
ago someone took \$20 and last
week \$5 more. I borrowed some
yesterday so don't send me any.

See about my watch and
shoes as soon as possible. I miss
my watch and they should surely

have it finished by now.

I'm sorry for the way I acted over the phone yesterday. I've been pretty disgusted the past 2 weeks mainly about O.C.S., my application has been in 3 1/2 weeks and I still haven't ~~heard~~ heard a word about it. The main trouble is that this company is so afraid that someone is going to get someone in the Army besides themselves that they won't help any of us newer fellows. An officer stopped me the other day and said that he had remembered seeing me at K.U. He offered to help me if he could but the ~~issue~~ issue isn't much he can do.

Our track meet is the 13th so there should be a little excitement around here this week.

I guess I'll go to bed now, I fire ~~fire~~ the pistol for record so the sleep should do me good. Don't spoil "butch" while he's there, tell him he can use my bed if he gets tired of sleeping in his buggy.

Love
Bob.
