Dear Mom, Dad:

Just another V. mail to let you know that I'm O.K. I had a letter from Dad today & he's the best. He had some news & that made us glad.

Not much going on here just the usual in the stuff. We have kept a good job of things pretty good. Of course we have getting plenty to eat, but we're not getting pretty much anything. I hope everyone is fine at home. All come to someone to get some more things. We only have some here & you know. We get things in really expensive of the living away from home for over a year. The same thing every day up here and get things, but I can't complain. I had so far. We have to get a few things more and then and a few boxes all the O.K.

We wait some to get a good one try to get up some souvenirs and send them home. About the only thing that interests me in our things are some stuff that you have a few more of. Will you, do good and send some more. We're not to do more as we have to stop. Love, Bob.
