

16 February, 1947

Dear Senator Capper:

I am writing to thank you for your prompt and considerate attention given me regarding my promotion to Captain under specifications of WD Circular 215.

The necessary data needed by the Adjutant Generals' Office has been forwarded by our AGF Liaison Officer and should be there not later than Wednesday, Feb. 19. I feel confident that if any degree of fairness or reasonong is employed, my promotion will be approved.

Your request for a review of the case has aroused new ~~new~~-hope, but I'm keeping my fingers crossed until I hear that it has been approved or disapproved. I should know within the next two weeks and regardless of the decision I'll always be grateful for your assistance. Being disabled is hard to endure at times, but occasional acts of kindness displayed by people like yourself makes one think that perhaps it was worthwhile afterall.

Thanking you again, I remain--

Sincerely yours,

Lt. Robert J. Dole O-1327518
