

## Camp Barkeley, Texas

Sept 3.

Dear folks:

Another week almost gone and  
im glad of it. I went to the dentist  
today and had 3 cavities filled. One  
was pretty bad so im glad I  
had it done. I have to go back  
September 23 to have 2 more filled and  
he may pull that one in front for  
me.

Esse seems to be pretty  
disgusted because I didn't want  
her to come down. She'll get over  
it in a week or two and I still  
don't think that she should come.

The cake, candy and fruit is  
plenty good. Im eating candy and  
cake right now between lines.  
The radio hasn't gotten here, but

it probably will be tomorrow.  
Henry is going to let me use it for they  
have one in his hut and there isn't  
one in mine. I saw Henry tonight,  
I think he's getting sort of homesick  
again. He was mad too for somebody  
took his cake and ate most of it  
before he caught them. They had  
a big hike last night so he was  
probably more tired than anything.  
I'll go somewhere with him tomorrow  
night, maybe Ernie and I can  
cheer him up a little.

I had a doctor give me  
a physical exam so I could get  
the insurance straightened up. He's  
going to send it to Wichita when  
he completes it. I have to see him  
again in the morning. Should have  
everything straightened up by next  
week. You can't tell a thing about  
the Army though.

Goodnight folks.  
Write you tomorrow -  
Love  
Bob
