

CAMP BARKELEY, TEXAS

Sept 8-

Dear Talks:

I go on guard at 9:00 and its  
almost light now so i'll have to  
hurry to write both you and Grace.  
There isn't much to write about,

Friday is payday and right now  
thats what im waiting for. I've  
been spending Kennys money the  
last week for we didnt get paid the  
1st as we were supposed to.

It sounded in your letter as  
you were coming down. yours not  
as you? Grace isn't planning on  
coming now for I wrote her and  
told her that she shouldn't.

I went over the infiltration  
course, it was only practice so  
they didnt shoot machine guns  
over our heads. It wasnt so bad,  
but I got awful dusty and dirty.

I am supposed to be called  
out next week in regards to

A.S.J.P and O.C.S. I don't know what I'll try to do, but I'll decide pretty soon.

I wrote 12 letters Sunday and almost caught up on my correspondence.

Saw Carl Missimer last night, he's leaving or rather he left this morning. He's going to school to study <sup>to be a</sup> medical technician. He thought he was going to San Francisco, but he wasn't sure.

I've been wearing the shoes and I like them O.K. now. So I'll just keep them. About the watch, I haven't seen any down here and I doubt that there are any so I'll wait until later.

The war news were certainly good today weren't they. One down, two to go. War might be over Christmas, who knows.

This was written in a hurry so do the best you can in reading it. Goodnight  
Love

Bob.

P.S. Don't need a thing
