CAMP BARKELEY, TEXAS

Dear Mom:

at last hivernia is over after 17 days. We got back at 11:30 this morning and by the time ~~we~~ I took a bath and shaved it was about one. It's never been so dirty before in my life and the shower really felt good.

Just wrote to Dad so now it's your turn. I'm going back to school if I can so I may end up back at N.O. if I'm lucky. I don't know how long I'll be here before shipping out, possibly a week or two and maybe even longer. I was accepted for O. C. S. but

their quotas are full so rather than wait 4 or 5 months for an opening in going to try A.S.T.P. Dublin is probably better than O.C.S. in many respects anyway.

How is the baby getting along, according to Norma Jean's letter he is doing O.K. He should be walking around any day now so you'd better keep an eye on him.

There isn't much to write about so I can't write too much. My basis ends this Saturday and then perhaps a furlough but I doubt it very much.

You needn't buy Grace anything now; I think she has found herself another man. I'll send you the pin she was wearing so don't lose it. I'll send it in a day or two when you wear it watch the clip on it for it doesn't catch very well. I guess I'll have to find me another girl somewhere. I'll

Norma jean to look around for
me. I'd rather have a blonde
if she could find one. I felt
pretty bad when I got the pin
back but I'll get over it in
a month or two.

Well I'll write more
later if any thing happens.
Love
Bob.
