

CAMP BARKELEY, TEXAS

Sept 5.

Dear Norma Jean:

Sunday afternoon and nothing to do but write letters. I have a lot of them to write so I should get caught up on some of them.

I guess "Mom" has gone to Kansas City for a week. The trip should do her good for she needs the rest. I wrote to "Dad" last night and told him to save his money so that he and "Mom" can take a trip before the year is over.

How are the Nelsons getting along. Hope sister is feeling better than she has been. She shouldn't try to entertain or work when she knows that it is not good for her. Tell her to take it easy and let you do the work.

Henry is getting along O.K., he gets sort of down hearted now and then but we all do occasionally

I guess.

Grace was coming down but I told her not too. She didn't seem to like it very well, but girls never are satisfied. Have you written to her, you can for me sometime. I try to write to her everyday, but sometimes we're kept so busy that I don't have time. I sure do miss her, but there's not much I can do about it. May get married some day if I don't go back to school. She graduates this year and should be able to get a pretty good job.

I'm not very good at writing letters so you'll have to do the best you can when you try to read this.

Be good and take good care of Gloria. Tell Larry hello for me and tell him to fly over and see us one of these days.

It's still hot down here and it probably will be for another month or two. I'll have my picture taken in a week or two and send you one.

So bye  
Love  
Bab.
