

Dear Norma Jean:

It seems that every year about this time I write you asking when MOM's birthday is. I know it is in April, but I don't know the exact date. Is it the 19 th or when is it.. Write and tell me right away so I'll know, I am going to get her a mother's pin. It is almost like mine so she should like it.. That is if I can get dad to give me enough money to get it. They cost nine dollars and some cents.

I'm putting out my pin this Friday, and it sortof scares me. You see I have to go to her sorrority house and kiss all of her sorrority sisters and there are about 52 of them. They line up in a long line and I just go down the line about half scared to death. It really will be swell though, and you ought to see Grace, she really is a queen. I May bring her homeEaster if I can, and if the house is almost finished. I wish dad would buy a new car before I come home, do your best to talk him into it.

How are you and Kenny getting along in school by now. I hope that you are doing better. I was about as bad off as you were when I was home but I've been studying a lot and my grades are much better now. I guess I go to the army sometime in May so I don't really have much interest in school though I should I guess.

You might write and tell me what is going on around the "Berg" Easter so I'll have something to do if I do bring Grace home with me. I really want to and if Mick comes home E aster I'll bring her withe me.

Hope Dad and Mom are feeling better now. How is Dad getting along with the picket fence by now. When you write me tell me how Mom is fixing up the house. I'll bet it will really look nice when she gets through with it.

Well there's not much more that I can write about, but do write me right away so I'll know when Mom's birthday is. Tell Kenny hello and tell Sister to write me the next time you write her. Just 29 more days of college for me.

Love Rob
