Dear Bob-

Just a few lines. Don't know of any news that would interest you except that the weather is swell. Mom and I got back from Kansas City last night. We were lucky enough to get a seat. Mom is sewing on a skirt and Dad is reading the paper. Graf, Nat + I are going down to meet the train tonight. Popie is coming home and we hope she's bringing one of her girl friends. Don't suppose they'll get to stay long and living in the country we probably

won't see much of them.

We had a pretty nice time in K.C. Sure lot of people there. Our town is plenty small when you return from a big place like that. I wonder how I'd feel if I had just come back from New York?

I've been driving the car quite a bit lately. Its about time, don't you think? I'm glad our "Old Ford" is easy to drive though.

Aven Crissman was in the store today. Trying to trade her out of some good tires.

We met some kids from Hays on the train last night. One kid by the name of Ruder. Do you remember him. He was on the boys cadets basketball team when you were

in school. ~~It's been~~ all of you bags.

They were on their way home. They had 10 days then they report back to Fort Mead, Md. You know what that means. He seemed to be a pretty nice kid.

Jimmy Gubarn is still home but I guess he leaves sometime next week.

Tomorrow the stores close from noon until three o'clock because of services being held for Good Friday, which is tomorrow.

Well, Dad don't know of much more to write about. We don't think the kids will be home for Easter because they haven't let us know anything. Mom bought Larry Ray a cute little white suit. But hell, look

like a million in it.

Well Bob I'll close for now.

Be a good boy and write when you
can. Take care -

Happy Easter -

Lane,
"Your Sis"
