

UNITED STATES ARMY

Dutch New Guinea

March 28-45

Dear BoB:

Have time to drop you a few lines so here goes for the news from this side of the world - hope this finds you well and ship shape -

I am feeling just fine and getting along ok, just received a letter from Chet D. he is in Suipan and that is North of here where I am - and I doubt if I will ever get that far up to see him however if I ever get to Manila (which I doubt) I may get a chance to fly down to see him, however it isn't likely that I will get a chance to.

Received a letter from mom today and she is feeling rather blue and worrying about you so much but there isn't anything you can do except to write her often as possible.

UNITED STATES ARMY

Page 2-

I think by the time this
reaches you the war in Europe
should be almost to an end
at least I hope so, then
you may get a chance to go
home or leave, and then
you won't last long after
you finish the one over there
so don't take any foolish
chances and take what comes
the best you can, and I
know you will, and
before you know it we
will both be home again

Will Bob I had better
close for now and let
the folks hear from me
so I will say so long
for now

Take it easy +
Good luck.

Sam
