5-11-45

Dear Bob:

Here I am again - Daddy went out to Jim Bond's with the chicken truck to get some chickens - I worked out in the yard - as I came in to get cleaned up - the telephone rang + it was Norma Jeanne - she wants us to meet her in Kansas City + spend Sunday with her but I doubt that we will at least - Daddy doesn't seem to think so - she's probably a little homesick, I think its the first time she's been away to herself. Daddy just came home - he taught sixteen pups of chickens, + probably made about 15⁰⁰ for two hours work.

Bob we received your letter of the 26-april. I was sure glad to know you are as well as you wrote - I do hope by now that you've made enough progress in improving that you'll soon be able to make the trip home - you didn't mention getting any boxes or mail but you should soon I'm sure as there is a lot a letter from Penney + he said to use his old address that they canceled the other address they gave him. but that he was still going to be sent out - but evidently not where he that he was going to be sent. They sure are getting ready to send Bob Japan in a big way. they are going to send 2000 planes over Tokyo. out Japan - maybe this will end this thing once & for all. Margaret says to let her know anything I hear from you + Penney's wondering about you too. Well son I'm glad to have had your note + will be glad to have you home again I hope soon I'm sure you can get well here much quicker than you can there, count it then Good Luck + Goodnite - Love Mom.
