

Monday -  
Dear Bob.

Am sending Kenney's letter which came to-day, we had a nice trip home, it was cool & rained part of the way. We had  $\frac{1}{2}$  in here, as home. 5:00 this morning, I drove the last half & we made a little better time, just wrote Kenney & tried to send your letter along with mine, haven't heard any thing from Ange.

Hope you are able to be out a while to-day, Harold & Hoque were down to see how you were yesterday. No news. Dad.
