

Mon. night.

Dear Bob.

We were so glad to hear about you arriving in the states and how being so close to home. We surely hope the Dr's take good care of you and that you will be well in no time.

They were so large. We should have had Larry N. with us to tell us all about one and I know we would have enjoyed it a lot more. There were a few soldiers in it but they weren't very talkative, perhaps we didn't know the right questions to ask.

2. Home sick. I think they all do and hate to admit it. We are glad your mother and Norma Jean can be there awhile. Norma Jean will likely cheer up several, while she's around.

I suppose you heard that Harlan fell out of a tree over here last Wed. and broke his collar bone. They came up Sat. P.M. and took him home Sun. eve. As active as he is I'm surprised something like this didn't happen a long time ago.

Owen is listing feed. the wheat is so thin this year that harvest won't be very heavy.
