

Thursday.

Dear Bob:-

I have begged off from  
my Gray Lady duties  
this afternoon. I have  
a "hunch" maybe Ray  
will call me from New York.  
The Queen Mary docked  
yesterday with a number  
of P. H. S. aboard and  
since he called last  
week from England, he  
maybe among them.

From his letters I  
would say he is the  
same old Ray - kidding  
about his enforced diet.  
At any date he will.

to have met me and I  
know he will come right  
out to see you.

Mary planned to come  
out this afternoon but  
found she could not  
get in after four o'clock  
and she won't until then  
she is leaving Tuesday  
for her vacation and says  
to tell you she will come  
and see you as soon as  
she get back.

Pat says "you are doing  
fine - keep up the good  
work."

Love  
Lawrence H. Hogg  
(Ray's Aunt)
