

M.A.A.F.
SATURDAY
30 JUNE 45

DEAR BOB -

Heard from the folks that you are in the hospital there in Topeka so thought I'd drop you a line wishing you a speedy recovery.

They tell me when a guy is confined to a hospital for awhile, a letter is always welcome but whether this be an exception or not, here goes for a short one from one of your old Westside buddies.

They have me down here at Midland, Texas flying bombardiers around in AT 11's. It's quite a comedown after flying P-47's for so long and absolutely no fun but I hope to get out of here soon and back into fighters.

The Air Corps has finally realized, as you've probably heard, that their military courtesy etc.

isn't what it should be and they're beginning to get a little rough, especially in the Training Commands. It's a little hard to get re-adjusted to it but guess it's one of those necessary evils.

Had a letter from Mac the other day - he's on Luzon now but didn't give any more details about his set up.

Old "Flasher" is home now and in civilian clothes too! Imagine his having quite a time!

As you're so close to home, I reckon you get all the news even before I do so won't bore you with any more - just hope that you're feeling and getting along O.K. Best wishes for a speedy recovery from one of your "North-side" buddies
