

come up before.

We used to ask Larry where Bob went and he'd say "Bye Bye on the Choo Choo" - then we'd ask where ~~you~~ you were and he'd say "Ruroge" Now, he says you're sick in the hospital. He was sure thrilled to talk to you.

It certainly is grand your Mother can be with you. Tell her hello for us and the rest of

Dear Bob,

We were so thrilled the other night when you called and we really meant to write soon and tell you so, but we've been so busy. And I mean busy - we've been moving - we got a larger apartment next door and we've had to paint, paper, Kaintone and scrub out way in. Then too, Bie is getting a wonderful

new job and I'm doing and being  
learning all about the refinery business &  
training for it.

Bob, you don't know how glad we  
are, with everybody else, that you are  
back and, the wounded, are ~~on~~<sup>on</sup>  
the mend. I sure hope it won't be  
too long now that you can be up and  
around and can come down here to  
see us. We really mean it. Don't  
worry about being strong enough to  
hold Larry. He'll be all over you.

David, too, probably. Am sending you  
two snaps of the boys. Thought you'd  
like to see how they're grown. I'm afraid  
David wasn't much when you last saw  
him. By the way, I sure was gumped  
about my "brother" by all the girls up  
there. Wanted to know why you hadn't

didn't go down with his plane, as  
we have too often imagined. He  
may be on some island. Anyway  
it gives ~~it~~ us a little more hope,  
tho we have never given up.  
Stew may have to go over with  
occupation troops, but anyway it  
won't be quite so bad as before.  
What do you hear from Ken? Won't  
he be coming back soon now? I  
do hope so.

I know Pie wants to add some  
on to this note, Bob, so I'll close for  
now. The folks send their best wishes  
and so do we and hope we see you  
soon.

As ever

- Over -

Dorothy Ann

Guess M.A. has covered all the news, but just wanted to tell you it was good to hear your voice again, and hope you are feeling much better.

Will sure take a rain check on that visit you promised us. Hope you're up and around soon, Bob, and will see you soon we hope. —

As Ever  
"Vic"

your family, too.

We maybe have some good news about Bud. It's aw awfully sound about way of getting it - but anyway - one of his wing-mates wrote his <sup>parents</sup> ~~parents~~ to tell my Uncle Benjamin Calif, who he knows, that Bud was seen to have gotten into his life raft!!! Sent that wonderful. If its true, it means that he at least had a chance and
