Dear Bob,

I received your fiery letter this A.M.; it was the most enthusiastic one I have received so far. As to your reference concerning getting out of low gear on this rushing business, perhaps I should give you an idea as to what has and is being done.

I have rush cards out to all our boys now and they are all doing a good job of rushing from what I can gather. The boys at the house (twenty of them) are starting a correspondence plan to nearly all the rushees whose names I have on file. As for Dodge City, I have cards out to over 10 boys, several of which are definitely interested. Here are some boys to whom I wish you would write:

Don Burt---Ft. Dodge

Dean Dunn---1508 1st---Dodge City

Harold Rabein--R.F.D. 2

Robert Tomlinson--Fort Dodge

Burt and Tomlinson (call him Tom) are two good athletes as you know. Rabein is fully sold on Kappa Sig and Dean Dunn is a wild devil but a guy who would make a fine fraternity man after some of it were taken out of him. I'll see that Ochs, Sellers, and Edwards are written right away. We really should not give the line out to the boys that we will get them jobs if they will pledge Kappa Sig, as you know as well as I that we can't tell a thing about next year until it rolls around, but I'll find out just what kind of a deal we can work out for Bob Beal.

Better be careful about "Spiking" the boys too soon as the novelty might wear off; but I'll send you a couple of pledge pins as soon as I can get some myself.

I just don't know when I'll be up to Russell but I'll try to make it before too long. We're in the middle of harvest now.

I'll find out about the jobs for next year and let you know as soon as I can. Also I'll send what rush material there is available.

How was the wedding? I received a thank-you card from Faith the other day. Sure wish I could have been there. I hope you can get down to Dodge some of these days. We can go out "operating" as we did at the "ARROWS"! (HA!)

Good luck to you and don't worry about cooperation. Nearly everyone is ready and willing to cooperate in anything that will further rushing. No one knows better than I do how important it is this year, cooperation I mean. I don't know quite what to say to Landon and Michaelis now. I thought we did about all we could do while we were at school. I wonder just how tight of a hold the Sigma Nu's have on them by this time. I'll see what I can do about their predicament.

Your bud,

Bill Bunt
