Dear Bob;

Nice to receive your Christmas card + a Merry Christmas to you although this will be a little belated greeting.

Things are beginning to get back to normal at ole G. E. The Navy V-12 unit is being discontinued next semester so all of the fraternities are taking their houses back. We have quite a number of the old boys returning. German Morgan + Bob Morrison are both in school with their families. Left semester I understood Ray Schoof, Jack Heisler, Hunter, Roger Ludeman, Bob Southern, Mac Bush and quite a number other will be back.

I am awfully glad to learn that you are making steady progress. It takes quite a little time to mend from a injury of your type, but

you stay right in the caddy, and
we will all be looking for you
back on the hill before long.

My family is all fine,
and the kids are getting very
anxious for Christmas

I must close for the
present, and get to work, but I will
drop you another line one of these
days.

Z. Y. has another fine basketball
team this year with Cleo Black, and
other schoolbocker back from the service
along with a fine group of young
boys.
