Dear Bob:

I received your most enthusiastic card today. And to be sure, you will find the pins enclosed.

My dad is putting me out at the Ensign Elev. tomorrow and the next day as we are going to take in a little wheat out there. The manual labor will do me quite a lot of good after sitting in this office and doing sitting down work and standing around work for the past three or four weeks.

Hell, Harold Rebein has almost definitely decided to stay here and go to Jr. College this year again. He hasn't heard from any of our boys all summer tho. I have told several of them to write him. Maybe you can do some good with him if you would write him. He's going to Kansas City tomorrow to get into Navy V-1. I told him to go to see the Registrar before going into the City and I guess he will stop out at the house. We're spending about \$1,600 on the house this summer so maybe that will be a good rushing point for some of the boys. It'll sure help out rush week.

I don't know when we will have the little party here in Dodge but I imagine it should be the last thing before I leave for K. U. But said he received your letter, you must address him Fort Dodge or he will be a week late in getting it. My address is 1307-5th so be sure to address me there too. This joint isn't as huge as a 6 ring circus but large enough that they get confused at the Post Office.

Will you write to Earle Slosen, Mission Hills, Kansas at the earliest opportunity. His dad was a Kappa Sig at Gamma O. and his son, (I had thought he had been being rushed by us) had received cards from particularly the Phi Psi's. I feel disgusted at the fact that we have overlooked such a boy. He was invited down for the Spring Party but I don't remember whether or not he attended it, rather doubt it however.

Fraternally,

Bill Bunt
