

Th.

Dear prick with ears -

Congrats, etc. - Heard
you gotten engaged & also that
you have been cutting up
all over the campus - How
is your most worthy school-
work? Intolerable, no doubt.

We have finally been
classified: Held - navigator,
and myself as a pilot. A
pilot is just one of the bourgeoisie,
more than 50% have been
classified as such.

This Flight E that Held
& I were in gave a party at
our club house (Club 67)
the night before we left & it

was really a deal!

You been on any big hendles lately? When did you hear from our dear mutual friend — Smith? The cad owes me a letter tell him if you ever write to him. We read a clipping that he had been in a crash — Do you know how he is now?

Do you ever ~~hear from~~^{see} Puffer? I owe her a letter. She said Joe Springer had gone into the army — at last! She sure is a swell girl. By the way how are all the little Thetas? Does Bunt still go off his nut when someone mentions U. S. Peterson?

Tell Mother Griffith hello and
also all the boys in the house.
Have you pledged anyone,
lately? KΣ must go on!

Are you coming back to
school after the war? I
hope everyone does & we
will put g.o. on the map.
Are any other of the Frats
doing any better than we are?

There is a KΣ here
that was in our 7th. at Ark-
adelphia. KΣ seems to
be well represented & well
liked every where - I hope
it will all ways be thus.

Does anyone know
Dorschlag's address -
please send it to me

if anyone does
Boy! What we wouldn't
give to be at the House with
you fellows!

Does Mr. Ginssey ever
honor you all with his presence?

Incidentally did any
one of my sons ever buy
me a paddle. I sure would
like one - I'll even pay
for it - if you will send
it home for me - Tell
me how much in your
answering (I presume)
letter.

Well - will close
& write soon to your
ol pal -

~~Fraternally,~~

Les
