

Sat. July 14.

Dear Bob.

Your Dad told us today that he had talked to you via telephone. And that you were slowly mending. That's good news!

Each day one of us inquired about you and are so glad to hear you came thru your operation so successfully.

We along with everyone else hope it won't be too long until you can come home & enjoy the lovely yard ^{& home} that is here waiting for you.

John & I want to wish you well. And that we'll see you next door very soon.

Sincerely

Gladys King
