

Dear Bob:

Jim mte

Sory I havent written sooner and of ten
but have been very busy lately - Seems
like there is just some thing coming up
all the time. I have been putting in
a considerable amount of time with V.F.W
business besides my own and it keeps
me jumping. Finally bought me a
building - the staff n.c.o. club at
the Walker Air Base - Its 132 feet by
38 feet, oak floor with about twice the
dancing space of the legion - can be
fixed up awfully nice but its going
to take some doing to move same,
fix foundation, and locate a spot
for it but guess we can find a
way. On your deal, we are doing
pretty well - we are going out to
morrow and see the business houses
along main and will have a
better idea what we will be
able to raise by then - will

try to keep your fingers and at
least you can expect something - I
guess you have seen from the papers
what our goal is and we will do
a best to raise that much but if we
cant we will send what we do - I am
very anxious to hear from you now that
the cast is off and you know how
I'm hoping that the operation helped.

Ruth and Marcia are in Colo. but
supposed to be back to. morrow -
marcia went up a couple of weeks
ago with the folks and Ruth went
Friday to go and get them - They should
get home to morrow evening. - Sure
want you to keep practicing up
on your fudge because you
will have to improve a lot before
you can hold a candle to your
dad and I although we havent
played to - gether our selves for a
long time - School is going to be

starting again before long and I have
to see Edin about my book order -
seems as if it just let out and here
it is time to order books again.
Always some thing it seems - Well
Bob must close for now - I sure
hope you can come home before
much longer. I am so anxious
to see you and hope every thing
is going to be O.K. Have a nice
a birth day as possible under the circum-
stances and try to write me a line
or two - I'll write again this week and
let you know how we came out.

Sincere Regards
C. H. T.
