Dear Norma Jean (Doley)

I haven't written to you for several days, but I have been pretty busy. Frank came down to see me this evening, and we are having a nice visit. Still planning on what we are going to do when we come home. If you only knew our plans, I'll bet you would think they were pretty swell.

Frank finally got moved today. He is down where I was, but I have moved. I think he will be moved up where I am in a day or two. Then we will be together again. Will we ever have the fun then, Please excuse comma for period. I (Frank) am typing this for Kenny. So if I make too many mistakes, please look over them.

From the latest rumors we have heard, the war with Germany will be over sometime in Sept. Then they look for the fall of Japan within six months. If this is only true, Frank and I should be home within a year, I sure hope they know what they are talking about.

Dole is trying to talk over the phone and I keep bothering him, and trying to get him ~~to~~ to tell me what to write. I am sure he enjoys this.

Boy, Dole really has a swell place to work. He is up on the side of a ~~hill~~ mountain. As you know, I live in Oklahoma, and I hardly know the difference between a hill and a mountain. Dole said he really liked this job, because he only has to work from thirteen to eighteen hours. I may have to work the same hours, but I surely hope not. If I do, I will try to make the best of it.

Dole said you should be in New Guines. He says it is a swell place, but I surely disagree with him. I am sure he didn't mean it.

Well, I will quit for and let Dole write a few lines. So untill next time, be carful and take care of yourself.

love,
Chuck

Dear Sis?

Well sis I finally found enough time to add a few lines to Frank's letter, don't mind the errors as I am in a hurry, I can't think of a single thing to write about, except for what Frank has already told you. I like my job very much don't know how long it will last but I hope it stays with me at least long enough, in fact until we move again or until that day comes, we are all looking forward too. this is really some job here I set writing to you and two telephones ringing at the same time and I am all alone at the present, so excuse me for one moment, here I am back again it was the general and he wanted me to come over tonight and have a midnight snack, but as I am so busy I told him to give me a ring again sometime, seriously I hope we get home soon as we have our future plans already made, and I don't want anything to happen to them. well sis I really must close for now, so I will say so long for now hoping to hear from you soon. Frank says he will drop you a line later as he must go to work, you know there is a war to be won and as we are over here in the middle of it we will do our share, so long for now. (OUR LOVE-FRANK-KENNEY. *Kennedy.*
