Lawrence, Kansas
August 3rd, 1942

To Members of the Football Squad

Dear Sirs:

Our football practice starts September 7th. We are intending to suit out at 1 P.M., the 6th, and take pictures. Dinner will be served that night at the Union Building for those who have suited out. And the 7th is practice.

Of course, we will have three meals a day up until school opens and then one as usual.

We have a very tough schedule and all of you boys are going to have to be tough. I hope you will not handicap yourselves by not doing some running in August. One that cannot trot around the track at a pretty good clip by the 7th of September is going to have a very hard time playing in the first game, September 19th.

I know all of you boys are anxious for the season to open and it looks as if we have one of the best opportunities we have had to have a pretty good team. I am expecting you to be on time and not fail me.

Very sincerely yours,

Gwinn Henry
