Dear Jack & All:

Just a few lines to let you know how I am coming along. We have moved to our new company, & from here we will be shipped out as to where I don't know. The weather here is really getting cold, it has snowed all day, and the north wind from the lakes really makes it chilly, it is a lot different from Texas.

I received the letter today that you wrote on the 14th of Dec. and as yet I have not heard anything about the packages, some

POSSER

we are suppose to be
here for three weeks, but
we are subject to be
shipped at any time so
I can't say just how
long I will be here, but
keep on writing as my
mail will follow me.

I wrote a letter to Pat
the other day, I should
hear from him soon, &

I almost forget I
received the money Order
also that man sent it
is just what I needed
thanks a million man.

Forgot that allotment I
still haven't had it could I

as \$37.00 a month
soon adds up. but if
Dad wants me to drop
it I will have it
discontinued.

We went over the
infiltration course again
today & also we went
through the gas chamber
to adjust our new gas
masks, we were told to
close our eyes & then
go in the chamber & put
on our masks - well I
made it ok until I
fell down & forgot all
about the tear gas & my
eyes look as though even

I have been crying
for a month, but they
feel better now. By the
way I was recommended
by a major today on the
infiltration course, a fellow
fell down and broke a
finger, and as I was a
medic I fixed it for
him so you see I have
learned something well
that's about all the help
I can think of for
now so I better close
and see if I can
get some sleep.
Love
Terry
