Dear Folks:

Well, I got your
box last night and I
went over & got Bebe, he
took half & I kept
half. Boy those cookies
were really delicious &
the pears & everything ~~and~~
else was really swell.
Thank's mom. A package
from home is the
next best thing in the
Army besides a furlough
so don't hesitate if
you want to send
something just wrap it
up & I will gladly
take care of it. There
isn't much to say except

They have really kept
us busy the last week
and next will be a
little tougher, but there
are only 9 weeks left
so it can't last
forever, and when Basic
is over I may have
something to look forward
to except work &
work, I might even get
a day off out in
ambig. Don't forget to try
to find Odum, this may
be a possible chance for
me to be sent to Walker
& then I could come
home every week or maybe
every night, but it
is about show time so
I really must go,

keep on writing + I
will try to do the
same, so long for now.
