Dear Mom & Dad:

Well I finally got away from Texas - & I am in Pennsylvania but I was ~~only~~ only suppose to be here for 3 days & then be shipped again, you see this place is a headquarters for Medics & then we are shipped from here again.

But there was a guy on the train & he came down with chicken pox so they quarantined us here for 14 days so you can write a few letters anyway.

Mom I don't know <sup>every</sup> what

to do about ~~it~~ I haven't  
had the chance to ever buy any  
Christmas cards, at Berkeley we  
were restricted to the company store  
because we were to be shipped  
out, so they wouldn't let us go  
to town, so you can see just  
why I couldn't do any shopping &  
I thought I would do some  
shopping here & look what  
happened I am quarantined to  
the barracks - Now if you  
have anything bought for me  
for Christmas to wear please  
don't send it as we  
cannot have any civilian  
clothes, not even socks.

or neckties, - handkerchiefs, -  
shorts, underwear, - everything  
from now on - is all  
Government issue - the only  
thing I can wear is jewelry  
+ they may not let us have  
that - so I am going to send  
all of my stuff home as soon  
as they tell us to -

This camp is Camp Reynolds  
+ it is a nice place - we go  
to Chow + we can have what  
we want to eat - ~~at~~ we first  
- ever

take what we want  
and all we can eat. we have  
barracks instead of huts &  
double deck beds all in all this  
place is heaven compared  
to Camp Berkeley - Now please  
send me Bob's address - as  
I want to write to him. I am  
going to have a white  
Christmas it has snowed ever  
since we got here. - You can  
send me hats but not many -  
by all means don't send any  
clothing at all - because I  
can't use it. ~~the~~

~~the~~ Well I will close for  
now wishing you all a very  
Merry Xmas & a Happy New-  
Year.  
= LOVE = Kenney =
