

as I have enough money in
the bank and I might as well try
to help Uncle Sam a little more so
take out whatever a \$50 bond would
cost and buy one now, and the
next time I get some money I will
send it home for furlough money,
~~and if I can~~ Dad ask Charlie
Knell what a round trip ticket will
cost, with service rates so I will
know how much I need as I want
to put all my extra money in bonds.
Well I must close for now - write soon
and take care of yourself.

I am sending this check, put it in
the bank for me, as I can't get
it cashed here,
"Love Renny"

Wson:

Here are my insurance and bond
papers, do not lose them or
Iow will not be able to collect
any insurance, I had them in
my bulford and forgot about them.
So put them in a safe place

Thank's

Kelmer

Dear folks:

Well, I have a few minutes so I thought I would drop you a few lines, I was glad I got to talk to you this afternoon. I couldn't understand now very well but I could hear Dad very plainly. We were at the day room and there was a lot of noise there, I think both Bob + I were homesick after we called because it made us think of home. I would give anything to be there now, but I still have 9 weeks at basic left and then I don't know whether I will get home or not, but I sure hope I do. Dad I want you to buy me a \$50.00 war bond
