

Dear Dad:

10-11-43

Well I rec. a letter  
from mom today and she  
sent me a foot print of you  
and also a hand print, they  
sure are small, she also  
said she was going to  
try and leave for home  
we soon as possible so  
you must have to  
watch for so long now.

I hope you went out  
and try your luck at  
the long tailed birds and  
when I get home I am going  
to try my luck, and so  
is Fernie + if we get one  
of those few and far  
between furloughs but if  
I don't get one here I will  
~~have~~ have one coming  
at the end of the first 6 mo.

I believe I told you  
that I rec. your no. 10.  
if I don't need it I will  
cast it and then go to the  
post office and take out  
one

another mo. and send it  
back to you, well another  
day has passed by so  
it makes one less to  
worry about, for me I  
hope you have good  
luck on your parlay  
cards this week and  
especially if you can  
win what you did last  
week. Ernie said he  
couldn't see how you  
ever picked them, as they  
were pretty tough, well  
so long for now Dad

Love  
Kenney

I will send a picture I  
just had taken it isn't  
my good, try to do better next time
