

Dear Mom + P.P.:

Well mom the Army is not bad
But, I believe I would trade my uniform
for my civilian clothes. I get along
swell here with the Non commissioned officers
Because Bob stayed at the same place
and they really did like him, and they
like me too D. Krug was on K.P.
today and M. Voos. is on tomorrow
but not me? all the fellows call
me a "Gold Brick" ask Dad what it
means he knows. I guess because I get
along with the fellows in charge
here, No kidding I only work two
hours a day and everyone else
works from 12 to 17 hours, so you
can see I am doing ok. I am
writing this letter in the officers
quarters, it is really swell here
I have been playing Records,
Pool, checkers, and even the Piano
so I don't see why I shouldn't
be satisfied But there is
something about this Army that I
don't like or get, so don't worry

IF it is here I will find it, I
don't like to brag but I really get
along with the people who pull
the strings, I guess I must
be just a good fellow well I think
I should close because it is
10:30 and the Sgt. wants to play
me a game of pool. All the
fellows from Russell down here
want to know when I am going
to buy the place so I will see
you when the war is over and
be good. Say hello to
everyone and especially
DONNA
"Pvt"
