Dear Galt's + All:

Well I just got off K.P. again, and thought I would write you the latest news - which is not very much. I received a letter from Bob today and I just answered it. I still haven't received any packages - maybe you could try from them to see where they are but they keep telling us they will be here, so I can't do a thing but wait and see. I sure hope they get here soon, as I am getting anxious to see my watch & ring. I know they will be the best as you + Dad always get the best for us, and you can't ~~imagine~~ imagine how much we appreciate it. I still plan on having my picture taken when and if I get the chance, well how is everyone getting along, and how

is Larry Ray. I sure wish that I  
could see him, maybe you could  
wrap him up, and send him down  
here and then I could mail him  
back in a few months, well  
I can't think of a thing to  
write about so I will close  
for now, hoping to hear from  
you soon.
