Dear Lolk + Sis:

Just found a few spare moments so I will drop you a few lines, hope this finds you as well as myself. As for the news from this end of the world there isn't very much, at least none that I know of at present.

I received two packages last evening, they were post marked the 15th of March, so you can imagine what condition they were in, the peanut brittle was delicious and the tough drops were ok. out side of that the wasn't very much left, boy I would have given anything for a piece of that fudge and fudge cookies but they were packed with bugs + worms besides being moldy, I don't think it would pay to try and send any more, although I know how you enjoy doing things like that now, and it is impossible to tell you how much I appreciate receiving it, but it takes so long and it is so hot that it spoils

It would be just the ~~best~~  
~~best~~ thing if you could get one of  
those round tin cake cans to send it  
in and then seal it air tight so it  
wouldn't get spoiled, anything in  
cans or jars will not spoil but the  
cookies and candy just won't take it.  
So try to find one of those small tin  
cake cans and try that. they say it  
works fine.

Do you still hear from fard B.  
and how is he doing, I hope by now  
he has his promotion by now and he  
should be ready to come home now  
almost anytime he is ready. and is  
Bob still in Kentucky and what is his  
address. I hope you see those ~~three~~  
two small snapshots I sent to you  
they weren't so hot but they were all I  
had. Well I will close for now  
hoping to hear from all of you soon.  
have you ever guessed where I am  
yet?

Love  
Lemmy
