Dear Folk's;

"NEW GUIENA"

Aug 25th

here goes for a few lines to let you at least hear from me, I have been goint to drop a letter for the past few days but it seems that I just can't find time, although I know I should be writing to you every day, it is just impossible, I know you will understand, so don't worry about me as I am now is a safe place, but I put in quite a few hours in one day and that is what ~~fun~~ ~~me~~ so short of time, when it comes time for ~~me~~ to go to bed I just go to bed as I am so tired that I can't write, but hereafter I am going to take time while I am working to write to you, so it won't happen again I promis you, as far as news from this end there is very little so I will just go along and write something.

I was very happy to receive your letter yesterday, and it didn't take it but nine days for it to get here not bad, I only hope it keeps up, this address should for some-time be what the Army might call permanent at least for sometime, let's hope it is, I have just been moving from one place to another, and I don't like moving around so well, but it may be only a matter of a few days and off I go again, but as I said I hope it isn't too soon, as I am just getting settled, if you want to call it that, at least I am not packing and moving I would like to tell you about this place but regulations as you know prohibits me to do so but the day may come soon when I can tell you all about it, let's hope, so. By the time this reaches you school will probably be about under way, I wish I could be there to start all over again but maybe if things turn out like I hope they are going too I may go to college but I won't promise anything, as I don't have the ready cash although the Army claim they will send you to school but, I have had enough of this army and when my time comes to get out I don't think I will want to stay around very long, I am going to write to Bob as I owe him at least two letters and also others, so I will close for now, hope to hear from you all again soon, so long for now,

V.-MAIL
