April 10-45

Dear Bob:

Haven't been so good
about writing to you - and I know
when you see letters really
feel you through, so please
accept my sincere apologies.

I have been hearing from
mom almost every day - and
have been writing back to
her every day. at least
she can relax her worries
some about me - at least
I do hope it help keep
her mind occupied and not
worry her -

I am not working any more now as I am on order for a new lease - to go north, I have been - trying for sometime to go north, don't have any idea of when it will be - doubt if it will be Manila - but anyplace will be better than these jungles of M. I.

Hope by now you are getting a break and hit a rest camp. Well Bob I haven't told you too much and I know I should write more but I think you will understand when I say I don't know of anything new, Well Bud keep your eyes open and take it easy - I will do the same -
So Long for now -
