JUNE-10-45  
Leaving New Guinea

Very Sure, Special duty of some kind -  
I should have plenty mail at his New G.P.O.

Dear folks:

By this time I suppose  
you have been wondering just  
what has happened to me  
for the last month well I  
would really like to tell  
you, but it is just impossible  
at this time,

I am now as I write  
this on my way to my  
new location, cannot say  
where it is, but please don't  
worry, as I will be O.K.

I have told you that  
I haven't written for  
some time and I have been  
O.K. all the time but unable  
to write due to reasons

2  
beyond my control, I hope  
you will understand, what I  
mean, haven't had any mail  
for quite sometime, nor any  
more packages, hope they have  
been transferred to Base-S-  
H.P.O. 718 this will be my  
new address I think you  
already have it,

How is Bob I am  
really sorry I have been  
unable to write but when I  
get home I explain why, I  
know you will agree with  
me. Please let me know  
all you can about Bob.

How is Norma coming in  
her school - I hope well.

Larry Ray + sis - I do  
hope that Larry doesn't  
have to come over here, as  
I think it will be over  
before too long anyway  
let's hope it will.

You probably know  
about the point system and  
would like to know how I  
stand. as of today I  
have 44 points less than  
half of the required amount.  
well I must go now  
so don't worry as, I  
will let you hear from  
me in the next 10 days  
regularly. So Long. Page 4 of 4
