

UNITED STATES ARMY

July 14-45
Saturday
1600 hrs

Dear Folks:

Well I promised to drop you a few lines in my last letter but honestly I didn't just forget, I haven't had any time to myself, except to eat and sleep but am getting a little better settled now and will be able to do the writing I want to do.

I am still in QM very much to my disapproval but there isn't anything that I can do about it as they won't give me a transfer, so it looks as though I will just have to make the best of it.

One of the boys in my tent is going home tomorrow to be discharged from the Army and it really.

makes me feel bad in
a way to see him go - not
that I don't want him to get
out of all this mess - I just
makes me think of how
happy I would be to take
his place, and I do hope
that day is not too far
away.

I do hope that Bob is
getting along ok, and is soon
back home with all of
you, as I know it is
just what he needs, to
get him back on his
feet again.

Well I am sorry I
cannot find any more to
write about today for some
reason. I think you know
how I feel - until tomorrow
I must say goodnight.

So Long for Now
Love
Louise
