Dear Cousin Robert -
BOB DOLE

Your letter overwhelmed me, I think you are a great man to overcome such handicaps as you've had. But wasn't God watching over you to get you such a splendid wife! You two really make a wonderful team.

It's too bad we did not know about you when you were in the Mich. Hospital, some of us could have dropped in to see you. Your Washington work is

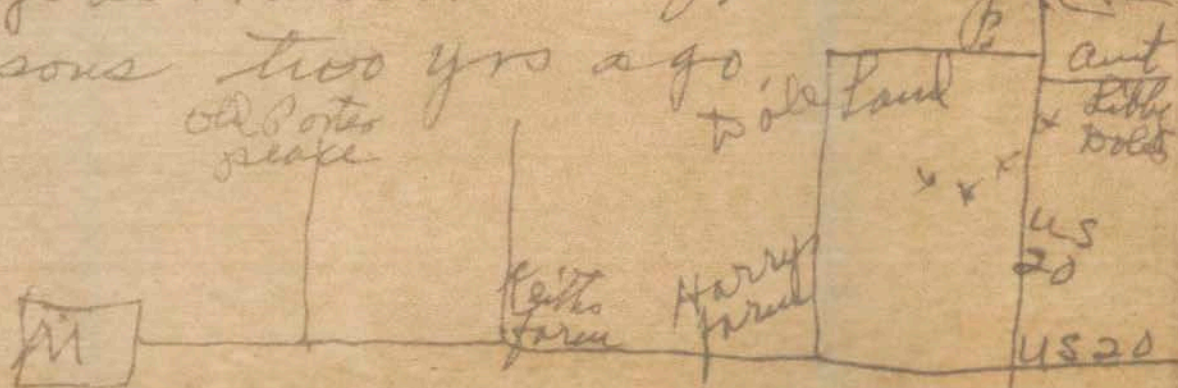

quoted as per clipping, your
colleague Herbert Latta can
probably tell you I'm a fan-
tic on this mismanaged
foreign aid as per clip.

log cabin picture are

A few weeks ago Keith &
Harry came to my home
and said they wanted to
take Clyde out for a ride

It was such a lovely day I didn't want
to stay home so Harry called Catherine
+ her mother + we all went! It wasn't
crowded in Keith's air conditioned Cadillac
- which he admitted buying to uphold his
prestige as State Head of The Royal
Arch Masons two yrs ago.

We went to his home + got camera - he's a banker
Then over to see Harry's new house
+ up by the old Dole Homestead
we can not figure out whether

Bryan

James Dole lived on road
 east of Hispano farm or
 around the corner on what
 is now U.S. 20. I'm certain
 the gentleman would not
 recognize his rural haunts
 on that road! The Turnpike
 is just over the hill, huge
 motels on each side of
 road and a proposed
 factory of \$200,000 Club House
 within a mile of his home, lots
 of new houses! Aunt Libby's house
 is just as it was, used as an
 office by Turnpike officials.
 We ended our trip by going 10 mi
 west to Moses Thomas Tomb, he
 came from Doylestown Penn when my
 dau & I later is. He's hoping you will
 see the collection now!
