

BOB DOLE

August 17, 2009

Dear Carl,

Thanks for sending me the information. I'm forwarding it to Bill Lacy, Director of the Dole Institute, who can add it to his collection of important papers.

Best to you for a year of R&R as you certainly deserve it.

Thank you again and have a good day.

God Bless America,

BOB DOLE

Carl H. Larson

Ser. No. 16081595

10th Mountain Division

85th Mountain Infantry Regiment

3^d Battalion - Medical

8/13/2009

Senator Robert W. Dole:

Dear Senator:

I want to thank you for the telephone call on Wednesday morning and it was quite nice to receive a call from you.

After going through some of my notes, I thought it might be worthwhile to contact you in the chance that you might be interested. It might fill in the gaps between your being wounded and the time you spent in the hospital.

I have included the pages showing the men in the battalion that were wounded on the opening of the drive out into the Po Valley. You might remember some of them. I had to keep the record so that the use of Morphine could be accounted for. If I can give you any more information about that period in time, I will be happy to try.

I'm glad you are feeling better. This is just a short note and since I'm getting arthritis in my hands, I hope you can read this. Thank you for answering my inquiry and your interest and kindness.

Most Sincerely

Carl H. Larson
